Representative from the County Fish and Wildlife Committee  
Representative from the Structural IPM contractor to the County  
Representative from a local environmental organization  
Three members of the general public  
One public member alternate

### **Staff to the Committee**

Tanya Drlik, IPM Coordinator

### **Purpose of the Committee (from the Committee's Bylaws)**

- A. Protect and enhance public health, County resources, and the environment;
- B. Minimize risks and maximize benefits to the general public, staff and the environment as a result of pest control activities conducted by County staff and contractors;
- C. Promote a coordinated County-wide effort to implement IPM in the County in a manner that is consistent with the Board-adopted IPM Policy;
- D. Serve as a resource to help Department Heads and the Board of Supervisors review and improve existing pest management programs and the processes for making pest management decisions;
- E. Make policy recommendations upon assessment of current pest issues and evaluation of possible IPM solutions; and
- F. Provide a forum for communication and information exchange among members in an effort to identify, encourage, and stimulate the use of best or promising pest management practices.

### **Purview of the Committee**

The Committee is concerned with the operation of County Departments and not with the actions of other public agencies, private individuals, business, or industry.
